WATER CONSERVATION TIPS

Water conservation measures are an important first step in protecting our water supply. Such measures not only save the supply of our source water, but can also save you money by reducing your water bill. Here are a few suggestions.

Conservation measures you can use inside your home include:

- Fix leaking faucets, pipes, toilets, etc. ·Replace old fixtures; install water-saving devices in faucets, toilets, and appliances.
- Wash only full loads of laundry. ·Do not use the toilet for trash disposal. ·Take shorter showers. ·Do not let the water run while shaving or brushing teeth. ·Soak dishes before washing. ·Run the dishwasher only when full.

You can conserve outdoors as well:

- Water the lawn and garden in the early morning or evening. ·Use mulch around plants and shrubs. ·Repair leaks in faucets and hoses. ·Use water-saving nozzles. ·Use water from a bucket to wash your car, and save the hose for rinsing.

MORE TIPS FOR A HEALTHY LAWN

How much is enough?

Before you can create an efficient watering schedule, you need to determine how much water your lawn is getting from your present method. This test will give you that information; it's based on measurements taken from different zones in your yard.

A zone is a specific area of your landscape served by a series of sprinkler heads. Just follow these simple steps:

1. Set 3 or more flat bottom cans or coffee mugs at various places on your lawn at least 4 feet from the sprinkler heads.
2. Turn on the sprinkler(s) for 15 minutes.
3. Measure the depth of water in each can with a ruler and determine the average water depth in cans by adding up all the measurements and dividing by the number of cans used.
4. Match your sprinkler output with the table below. Then water as indicated:

Water Depth in Cans	1/8"	3/16"	1/4"	5/16"	3/8"	1/2"	5/8"	3/4"	1"
Watering time in minutes									
<u>Spring</u> Every 4 days	52	34	26	20	17	13	10	9	6
<u>Summer</u> Every 3 days	104	69	52	41	35	26	21	17	13
<u>Fall</u> Every 4 days	69	51	39	31	26	19	15	13	10

FLOOD PLAIN INFORMATION**

Questions regarding flood zones should be directed to Gary Kerr. FEMA flood maps are available for your review in our office. We also have elevation certificates.

NORTH OGDEN POLICE DEPARTMENT

515 E 2600 N – 782-7219

Summer is upon us, and with it comes warmer weather, longer days, and an increase in property crimes. The summer months usually mark a high point for thefts and criminal mischief complaints in North Ogden. We would like to take this opportunity to remind everyone to lock up your property. We have had several bicycles stolen from yards and open garages recently. Residents have also reported items had been stolen from their vehicles. The common denominator between most of these cases is that the bicycle, garage or vehicle had been left unlocked. While a lock is not a crime preventer, it does act as a deterrent for many would be criminals. Please take the time to secure your property. Driving around at night, it is surprising how many garage and shed doors are left open. These openings not only allow criminals easy access to your valuable property, while at the same time, providing concealment so neighbors and passing police officers cannot see them, but these open doors also frequently allow the criminal easy access into the rest of your house. We encourage residents to walk around your property and look for unsecured access points into your house or garage and look for items that could be stolen. If you, as a law abiding citizen, can find things that a criminal could take, think of how easy it is for actual criminals to find targets. We also strongly encourage residents to note the serial numbers of items in your house, as well as the serial numbers of bicycles, lawn mowers, and any other equipment or toys you may have. These numbers are vital for investigations and insurance reporting, should the property be stolen. We often come across theft and burglary suspects, but are unable to match the property we believe to have been stolen with the victim, because the victim had been unable to provide the serial number for the stolen property. Finally, if you see something suspicious, or believe a crime may be, or is about to occur, do not hesitate to call us. Please help us keep North Ogden a safe and secure community by securing your property and reporting crime immediately, so together we can reduce the likelihood that you will be a criminal's next victim.

Police Emergency Number ----- 911

Police 24 hour Non-Emergency Number -----801-629-8221

Cherry Days is quickly approaching. This year North Ogden City is in need of 30 volunteers to assist CERT with the parade. Anyone interested in participating should plan on attending the CERT training meeting on June 21st 6:30 pm at the North View Fire Station, 315 E. 2550 N. Job assignments and radio use will be discussed at that time. HAM radio operators are especially encouraged to attend. Volunteers will be assigned a location along the Cherry Days parade route. Sign in time on the day of the parade will be at 7am.

The North Ogden Police Department will also be hosting a training session on safe traffic control practices for any CERT or other volunteers on Thurs., June 7th, at 6:30pm at the North Ogden Police Department.

If you are interested in helping out, please contact anyone on the CERT Council, you can view their contact information on the website at www.northogdencity.com. Go to the Homeland Security/CERT tab at the top of the screen and select CERT Council Contact Information. Please feel free to contact any of these people for questions concerning Cherry Days Parade volunteer opportunities.

AMY'S CREATIVE VINYL

801-786-8624 / 801-458-8626

Amy Simmons, owner of Amy's Creative Vinyl, has been creating vinyl crafts for approximately 8 years. She worked at a sign company before she was married and moved to Utah. It wasn't until she attended a vinyl party that she realized she had been professionally trained to create the same things she saw at the party. She already knew how to use the software to design the projects and remembered the tips and shortcuts to create different styles and layer multiple colors. For example, instead of using a single color image she can layer the colors to make the project look more realistic. Most of her business is through Wall Word Parties, as well as her many loyal customers. Through word-of-mouth Amy has received many orders from all over the United States. The majority of her sales are custom orders, but she also offers premade sayings. She focuses on creating exactly what each customer wants and she offers her customers discounts for referrals.

Amy offers her services at less than half the price of her competition and turnaround time is as little as a day or two depending on the size. Amy can create vinyl sayings for any occasion and they can be put on nearly any type of surface, including clothes! Amy uses a heat press to make custom t-shirts and baseball caps, etc. She has created magnets for doors that can be changed in seconds. These magnets are perfect to announce a birthday party or celebrate the season. Vinyl magnets are also a great way to advertise on vehicles.

Amy works with businesses as well! She created the window designs for Pop's Malt Shop in Ogden and the vinyl logos on the Jackson Hole Whitewater bus. Amy has worked with many of the local schools as well as some schools out-of-state. She has also made vinyl for church groups, school projects and signs. Vinyl has become a real hit, even students are requesting vinyl for school election signs, locker decorations, as well as custom vinyl for their cars.

Amy believes that by keeping her custom vinyl services inexpensive her customers will return. She is able to find a balance between being accommodating to her customers and spending time with her family. She has turned it into a family event where everyone helps out. For any type of vinyl needs Amy's Creative Vinyl is the place to go... even when you don't know quite what you want. Amy is there to help you create your perfect saying for any room or event.

GREEN FACTS FOR 2012

March Recycling Benefits for North Ogden

In February we recycled 70 tons of aluminum, cardboard/paper, scrap metals, and plastics.

These recycling efforts conserved the following resources:

- ❖ 1,126 Mature Trees were Saved – Representing enough saved timber resources to produce more than 13,945,900 sheets of newspaper!
- ❖ 275 Cubic Yards of Landfill Airspace – Representing enough airspace to fulfill the municipal waste disposal needs for 352 people for one year!
- ❖ 321,856 Kw-Hrs of Electricity from Recycling – Enough power to fulfill the annual electricity needs of more than 26 homes!
- ❖ 161 Barrels of Oil – Representing enough energy to heat and cool more than 33 homes for one year!
- ❖ Avoided 533 Metric Tons (MTCO2E) of GHG Emissions – The recycling of these materials prevented these GHG emissions!
- ❖ 469,630 Gallons of Water – Representing enough fresh water to meet the daily fresh water needs of more than 6,261 people!

excluding weekends

WE'D LIKE TO EXTEND A HEARTY WELCOME TO THE NEWEST MEMBERS OF OUR STAFF!

RON CHANDLER - City Manager

Ron has worked in City government for the past 25 years having served as a City Manager in La Verkin, Utah; Centreville, Maryland; South Weber, Utah and Cedar City, Utah. He has enjoyed working with the mayors, councilmembers and residents in each of these communities. Ron and his family lived in North Ogden between 1999 and 2006. He is married to Elizabeth Lemmon and they have five children: Jason – married to Meredith Dunaski; Christopher; Kelsey – married to Justin Nelson; Carson; and Emily. Ron enjoys hiking, swimming, cooking and martial arts. "I am very glad to be back in

North Ogden where I can renew old friendships, make new friends and work with an outstanding Mayor and terrific City Council."

BRYAN STEELE – Finance Director

Bryan grew up in Ohio and is a big Ohio State Buckeyes fan. He moved to Utah to attend school at BYU where he received his BS degree in Statistics and his MPA degree (with a Finance emphasis). He worked for the City of Cedar Hills as the City Accountant and Layton City as the City Treasurer before coming to work for North Ogden City. He has been married for 17 years and has 3 wonderful children (2 boys, 13 and 11, and a 6 year old girl). In his spare time he likes to camp, hike, fish, golf, do puzzles, watch movies and play whatever sports his kids are playing at the time.

Welcome
