★★★★★
Election
★★★★★

There are 3, four year term, Council seats, beginning January 2012, open for election this year. Candidates must file a declaration of candidacy between July 1st and July 15th, in person with the City Recorder during office hours, Mon. – Fri., 9:00 am – 5:30 pm. The City Offices will be closed July 4th.

Also, a position on the North View Fire District Board of Trustees, representing North Ogden City residents, is open to be elected this year. The position is a four year term that begins in January 2012, You must be a registered voter at the location of your residence and be a resident within the City of North Ogden. Qualifications and applications may be picked up from the North View Fire District offices at the Fire Station starting July 1, 2011 through July 15, 2011 and must be submitted at the Fire District office at the North View Fire Station 315 E 2550 N. North Ogden, by 5:00 p.m. on July 15, 2011. Please contact Sallie Garcia, District Clerk at the District office for more information

FIREWORKS IN UTAH – 2011

There have been some significant changes in the Utah Fireworks Laws that go into effect this firework season. We are asking for your help to keep your community safe this year by sharing these talking points. You may contact the Office of the State Fire Marshal at 801-284-6350. You may now purchase and use lawful fireworks from June 26 – July 26. (The dates for sale and use of fireworks for New Year and Chinese's New Year celebrations remain the same.) A new type of aerial firework is now lawful. Aerial devices, also known as "multiple tube," "repeater," or "cake" fireworks often look like miniature professional displays and can travel high into the air, as much as 150 ft. Still not allowed: firecrackers, M-80, cherry bombs, bottle rockets, Roman candles, single or reloadable mortars, and ground salutes.

You must be at least 16yrs of age to handle or light fireworks. Fireworks need space from trees, carports, structures, or other obstacles. Aerial or "cake" fireworks need at least a 30ft bubble of clearance around on the ground and above in the air. Some need as much as 150ft clearance in the air. Should a firework misfire or not light, do not attempt to re-ignite. Children in Utah are burned each year by sparklers. The tip of a sparkler burns at a temperature of more than 1,200 degrees Fahrenheit, hot enough to cause third-degree burns. Children under age 12 should not use sparklers without very close adult supervision. Never hold or light more than one sparkler at a time. Teach children to hold a sparkler at arm's length from their body and not to wave sparklers or run while holding sparklers. Stand at least 6ft from another person while using sparklers. After a firework display, children should never pick up fireworks that may be left over, they may still be active. The following is the new Rule 710-2-6 about the display, sale and signage of aerial devices. Aerial devices are also known as cakes or multiple tube fireworks. This does not refer to bottle rockets or similar unlawful fireworks that shoot into the air.

COMMUNITY SERVICES – 737-0587 – 2705 N 550 E

Cherry Days volleyball/basketball tournament and 5k – Register online at northogdencity.com

Don't forget to sign-up for booths and the parade. Remember we have new guidelines for candy throwing at our parade. Those guidelines are on our website. It will still be a "Sweet Parade".

This year we will have reserved senior citizen seating for the parade. Tickets are free and can be picked up at the Community Services Office.

NORTH OGDEN POLICE DEPARTMENT – 782-7219

A recent story on the news brought home how important it is to be extra vigilant as we enter the warm months of summer. A young juvenile in Cache County found his parents' car keys, opened the car trunk and climbed inside. He was not found for about 30 minutes, and by the time he was located, he was unconscious. Fortunately, as we write this, it appears the child will survive. How easily the result could have been tragically different! It seems that every year, as the summer temperatures climb, we hear of children who die after either climbing into a vehicle trunk or being left by parents in a parked vehicle. Cracking a window while your children are left unattended is not sufficient to prevent heat-related injury or death. Please keep your car keys away from young children, and remember that just because your children were indoors the last time you saw them, that does not necessarily mean they will remain indoors.

They are more resourceful and curious than many people think, and it only takes a very short time for tragedy to strike. School is also out for the summer, and with it, there are more children out in the community at all hours of the day and night. Please exercise extra caution as you travel the roads as well. Children often ride or play in the roadway, unaware of the hazards of playing in or near traffic. They can bolt into the street in an instant, especially when chasing a ball or pet, and their small size often makes it difficult to see them until it is too late. To prevent these types of tragedies, we ask that you keep a close watch on your children and wish to remind you to please slow down when children are present. We hope that all of you enjoy a safe, fun-filled summer. Remember, by working together, we can keep our community safe.

NORTH OGDEN: ENVIRONMENTAL ACHIEVEMENT FOR APRIL 2011

North Ogden and Waste Management are driving environmental performance with solutions that manage and minimize waste, while recycling valuable resources and creating clean renewable energy.

APRIL 2011 REPORT

Below is a snapshot of data collected regarding North Ogden solid waste collection and recycling activities for the month:

TONNAGE DATA

Solid Waste: 530.80 Tons

Recycling: 85.40 Tons

Total: 616.20 Tons

Total Waste

Diverted from Landfill: 85.40 Tons or 13.86%

Estimated Environmental Benefit based on single stream recycling tonnage:

- ✓ Saved 1,400 trees which equates to 17,000,000 sheets of newspaper.
- ✓ Saved 350,000 KW-hr of electricity. Enough power for the annual energy needs of 20 homes.
- ✓ Saved 39,000 gallons of oil. Enough energy to heat and cool more than 100 homes annually.
- ✓ Saved 2,000 gallons of gasoline.
- ✓ Saved 597,000 gallons of water.

COMMUNITY EMERGENCY RESPONSE TEAM

The Red Cross Shelter exercise is now scheduled for September 9th & 10th this year. Training to qualify to help in a shelter will be carried out between now and mid - August. You will then be notified when to report if you have signed up and had the training.

The City has asked us to help with the Cherry Days Parade again. Those who have helped in the past, and those who want to help, are asked to attend the CERT meeting on June 1st at the North View Fire District meeting room (west side) at 6:30 pm. This will be a short meeting to go over placement and new procedures. If you are a first time volunteer, you must be CERT Qualified. More information on the Parade can be found on our City website,

www.northogden.com. Click on Homeland Security, and then CERT. Any questions on training – please call Lou Waikart at 801-782-5757.

CHICKEN ORDINANCE

North Ogden recently passed an ordinance allowing City residents to have chickens in their **backyards**. To find out the requirements contained in the ordinance stipulating what you need to do to become a chicken owner, please contact our office.

If you are interested in purchasing a permit, please come to the Building Inspection Department located on the south side of the Administration building. You will need to fill out an application, provide a small plan showing the dimensions of your coop and its location in relationship to your home and your property lines. The cost for the permit is five (5) dollars. If you have questions, please call Sue at (801)737-2213.

BUILDING OFFICIAL – 737-2214 **FLOOD PLAIN INFORMATION**

Questions regarding flood zones should be directed to Gary Kerr. FEMA flood maps are available for your review in our office. We also have elevation certificates.

ANIMAL CONTROL – 737-2212

With the advent of summer coming on, we would like to remind our residents of the ordinances regarding restraint of their dogs: All dogs must be tethered, in a kennel, fenced yard or contained by means of an electric device at all times. Please make sure fences are secure and batteries in electrical devices are charged. While walking a dog, it must be tethered. Dogs cannot be allowed to defecate on others property without cleaning it up.

Remember, all dogs must be licensed with the City and that the limit is two dogs and two cats per dwelling address in the City. Thank you for your cooperation in these matters.
