## THE GENERAL PLAN STEERING COMMITTEE WHAT IS IT?

**G**eneral Plans are required by State Law in section 10-9a-403. Every community is required to create a General Plan and it is the role of the Planning Commission to make a recommendation on the content of the Plan to the governing body. State law requires that at least three topics or elements be addressed: land use, transportation, and housing.

**For residents of the community, the General Plan is their point of reference to North Ogden's policies and future vision.**

It is the guide to the community's policies about what it wants to achieve.

As part of the process of keeping the North Ogden General Plan updated a Steering Committee of residents, business owners, Planning Commission, and City Council members meets monthly to provide guidance and feedback.

The meetings are open to the public and your input is appreciated. They meet the 4<sup>th</sup> Wednesday of each month at 6PM in the City Council room at the City Offices. 505 E 2600 N.
